August 11, 1986

Mr. James G. Ramsay
Corporate Affairs
Philip Morris U.S.A.
120 Park Avenue
New York, New York 10017

Dear Jim:

I have reviewed your letter of August 11, 1986, as well as the article published in the British Journal of Cancer by Lee, Chamberlain and Alderson. I think that you could use both of the quotations which you reference in your letter in the op. ed. piece, although you may want to summarize the finding with respect to chronic bronchitis, ischaemic heart disease and stroke.

Yours sincerely,

David Rees Davies
